

Find out about  
career paths of marine &  
climate scientists!  
What is their current job like?  
How did they get it?  
Which skills do they need?

## Seminar announcement

### Career Insights Online –

### Science Communication: Creative Writing & Illustrating

for Postdocs and young scientists enrolled in doctoral programmes at the  
Marine Graduate Schools in Bremen, Bremerhaven, and Oldenburg

with:

#### Dr. Paula Senff & Dr. Stephanie Helber

Stephanie and Paula met while working on their PhD thesis at the Leibniz Centre for Tropical Marine Research (ZMT), for which they both did research in Zanzibar. Together they have now published "The Heroes of the Underwater Forest", a children's book that aims to inform and inspire about seagrass meadows and to preserve this ecosystem.

#### Dr. Julia Schnetzer

After her PhD in 2015, Julia started her career as scientific coordinator of the international exhibition on "Ocean Plastics Lab". As science communicator of "Plötzlich Wissen!" and author of "Wenn Haie leuchten" she introduces the marine environment to the public.

**Date & Time:** June 24<sup>th</sup>, 2022 at 14:00 - 15:30

**Format:** online meeting via Cisco Webex Meetings or Zoom

**Language:** English

**Participants:** maximum of 40

**Target group:** Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

**Registration:** Register under this [link](#) until June 22. You will receive the zoom-link one day before the event.

The seminar format "**Career Insights Online**" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
