

Find out about
career paths of marine &
climate scientists!
What is their current job like?
How did they get it?
Which skills do they need?

Seminar announcement

Career Insights Online – Federal Institute for Risk Assessment

for Postdocs and young scientists enrolled in doctoral programmes at the
Marine Graduate Schools in Bremen, Bremerhaven, and Oldenburg

with: **Dr. Matthias Winkel**

In January 2021, Matthias started his current career challenge as scientific assistant at the Bundesinstitut für Risikobewertung (BfR = Federal Institute for Risk Assessment). After several years of research focussing on Earth Science in the Sections of Geomicrobiology and Interface Geochemistry at the Helmholtz-Centre GFZ Potsdam, at the BfR he now is responsible for food safety with a special focus on the allergenic potential of food ingredients.

Date & Time: December 2nd, 2022 at 14:00 - 15:00

Format: online meeting via Cisco Webex Meetings or Zoom

Language: English

Participants: maximum of 40

Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: cgloeckn@mpi-bremen.de

The seminar format "*Career Insights Online*" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
