

Seminar announcement

Career Insights Online – Federal WSV & ProBioGen AG

Find out about
career paths of marine &
climate scientists!
What is their current job like?
How did they get it?
Which skills do they need?

for Postdocs and young scientists enrolled in doctoral programmes at the
Marine Graduate Schools in Bremen, Bremerhaven, and Oldenburg

with: **Dr. Anne-Christin Schulz**

After her PhD, Anne started her career as scientific employee at Federal Waterways Engineering and Research Institute and afterwards Federal Maritime and Hydrographic Agency. Now she is head of hydrology at Waterways and Shipping Office Weser-Jade-Nordsee at Wilhelmshaven and is responsible for the hydrographic concerns of the Jade.

Dr. David Probandt

ProBioGen is a service provider and technology developer for biopharmaceuticals, where David worked first in Business Development and now as Project Leader. He leads multidisciplinary teams with experts from upstream and downstream process development, manufacturing, quality control and quality assurance. Besides, he will elaborate on how extracurricular activities (internship, club activities, PR) supported his career.

Date & Time: **March 10th, 2023 at 14:00 - 15:30**

Format: online meeting via BigBlueButton

Language: English

Participants: maximum of 40

Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: ferdinand.esser@uni-oldenburg.de

The seminar format "**Career Insights Online**" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
