

Seminar announcement

Career Insights Online – Science Journalism

Find out about
career paths of marine &
climate scientists!

What is their current job like?

How did they get it?

Which skills do they need?

for Postdocs and young scientists enrolled in doctoral programmes at the
Marine Graduate Schools in Bremen, Bremerhaven, and Oldenburg

with: **Dr. Tim Kalvelage**

After his PhD and four years as a postdoctoral researcher, Tim Kalvelage ventured into science journalism. He was an editor for the popular science magazine "Spektrum der Wissenschaft" and now works as a freelance science reporter and photographer for major German speaking newspapers, magazines, and web news outlets. He mostly covers ocean and climate research and regularly accompanies scientists on field expeditions. In 2022 he published a book for kids and teens on research in the polar regions.

To be announced ...

Date & Time: June 23, 2023 at 14:00 - 14:45

Format: online meeting via Zoom or Webex

Language: English

Participants: maximum of 50

Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: Please, register under this [link](#) until June 21

The seminar format "**Career Insights Online**" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the Marine Graduate Schools in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, and journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
