

# Seminar announcement

Find out about  
career paths of marine &  
climate scientists!  
What is their current job like?  
How did they get it?  
Which skills do they need?

## Career Insights Online –

### Climate change advice and information & environmental education

for Postdocs as well as young scientists enrolled in doctoral programs at the  
Marine Graduate Schools in Bremen, Bremerhaven, and Oldenburg

**with: Dr. Mithra Hajati (Nds. Kompetenzzentrum Klimawandel, NIKO)**  
Since 2020, Mithra is working for the "Lower Saxony Competence Center for Climate Change (NIKO)" as an expert on ground water. The Competence Center is the central point in Lower Saxony when it comes to climate change and its effects. They advise and inform on climate change, its consequences and adaptation to climate change.

**Dr. Valeria Bers (Wattenmeer-Besucherzentrum Norderney)**

Since 2019, Valeria is head of the Watt Welten Visitor Center Norderney. As a marine biologist, she has worked in the fields of research, policy consulting, environmental education and public relations and has traveled to various coasts around the world.

**Date & Time: April 22<sup>nd</sup>, 2022 at 14:00 - 15:30**

Format: online meeting via Cisco Webex Meetings or Zoom

Language: English

Participants: maximum of 40

Target group: Early career scientists who are interested in broadening their horizon and getting new ideas for their own future career development.

Registration: [Sea.Courses@awi.de](mailto:Sea.Courses@awi.de)

The seminar format "**Career Insights Online**" aims at introducing different job perspectives for marine and climate scientists in the widest sense and offers the possibility to get in touch with former members of the marine doctoral programs in Oldenburg, Bremen and Bremerhaven. It focusses on career paths outside of academia and will give insights into job fields in, e. g. industry, (public) administration, consulting, or journalism. Speakers are asked to talk about their current position, the interdisciplinary skills they achieved during their doctorate, the career steps they took, as well as about work-family-life-balance. After a short presentation, participants will have the opportunity to ask questions to the speaker.
