

**Mentoring programme**  
for young researchers  
of the  
integrated Research Training Group  
of the CRC Roseobacter and RTG "Molecular  
basis of sensory biology"

10-2020 – 11-2021

Forschungszentrum  
**Neurosensorik**  
Carl von Ossietzky  
Universität Oldenburg

## Target group:

- Female and male doctorate students from the integrated **Research Training Group of the CRC Roseobacter** and **RTG “Molecular basis of sensory biology“**.

## What is a mentoring?

- An older and experienced mentor shares knowledge with you and supports you in finding your personal career
- The mentor is like a wise person, who you can ask all about the profession and career you like to reach

## Concept

- Young researchers actively address their career options
- Methods for career development
- Networking strategies

# Mentoring – time and effort

- **Mentor-Mentee relationship:**
    - finding a mentor
    - monthly meetings with the mentor (~ 2 hours)
    - two group Workshops (1,5 - 2 days)
    - two day (or half day) Meetings
      - 5 days workshop time
  - If wanted: further thematical **workshops**
  - 2 optional evening **talks** (Fire side chat) (2 hours)
  - Individual **coaching** (1 hour)
- ... and even **6 Credit points**

# Application

- Motivation letter and CV
- Sent the application to the coordinator of the PhD programme
- **Deadline: September 2020**

**Dr. Ferdinand Esser**

Coordinator Research Training Group  
SFB TRR-51 "Roseobacter"
