

Institut für Anglistik / Amerikanistik

**Semester Abroad for Students of English: Non-Binding Learning Agreement**

*Last updated 07.10.2016*

**Learning Agreements:** Students who study abroad as part of the Erasmus+ programme must submit a formal learning agreement. Independent applicants to the UK and Ireland and those studying in North America, Australia/ New Zealand and Africa do not always need to complete an agreement in advance; however, it can be helpful to clarify which courses you want to attend and for which Oldenburg modules you can get credit on your return.

Course chosen at the overseas university	Number of credits/ ECTS points	Subject area (literature, language practice, linguistics, philosophy etc.)	Course/Module/Part Module to be credited in Oldenburg	ECTS Points

*These courses have been discussed with a student advisor in the Institut for Anglistik/Amerikanistik. I am aware that this form is only intended to be a guide and that the course choices and credit transfer options listed here are not legally binding.*
