Students	50 €	75 €

The conference fee includes the full participation in the conference, the BUIS conference proceedings (not for students), coffee breaks and lunchtime snacks.

*The full program committee can be found on the conference website.

Submission of contributions

For the submission of your contribution from **Science** and **Industry** (contributions in English with German summary also welcome) to the BUIS-days the following categories are available:

- **Full Paper** (max. 10 pages) will be peer-reviewed. Accepted contributions receive approx. 15 minutes for presentation.
- **Short Paper** (max. 6 pages) will be peer-reviewed. Accepted contributions receive approx. 15 minutes for presentation.
- **Extended abstract** for industrial contributions: this entry (max. 2 pages) is aimed primarily at industrial partners who would like to present their innovative ideas and approaches related to the topics of the 10th BUIS-days. The presentation takes place in a poster session (poster or similar form flyer, product display, etc. are possible) for all industrial contributions.

The requirements for the format can be found on the website <http://buistage2018.de/en/>. The registration and the submission of contributions take place via the conference website. All accepted contributions (full and short paper) will be published together as a single volume by Springer Verlag.

Selected Topics/Tracks

- Digital Platforms for Smart Cities
- Big Data and Open Governance in Smart Cities
- Mobility und Supply Infrastructures in Smart Regions
